

# LUSH RANGE OF PRODUCTS & APPLICATIONS

LUSH ACRYLIC SYNTHETIC  
SPORTS FLOORING

SPORTS FLOORINGS & SPECIALISED  
ANTI- BACTERIAL COATINGS.

# About the Company

Lush Surfacoats is backed by a strong technical and experienced lineage of manufacturing and marketing of industrial and decorative coatings and allied products. Lush is a venture to dedicatedly innovate into technically sound sports floorings and certain specialised coatings like Anti-bacterial coatings.

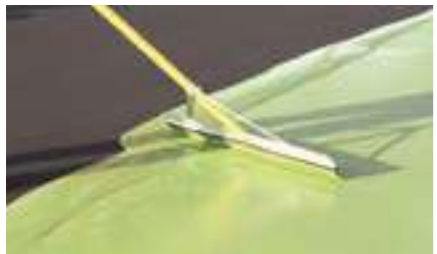

## Production

Backed by a full-fledged coatings manufacturing plant, we specialise to deliver customized solutions to our customers based on their requirements.

## Research & Development

We are committed to constantly innovate, improvise and come up with high performance sports floors and specialised coating solutions that suit different technical and budgetary requirements of our target market.

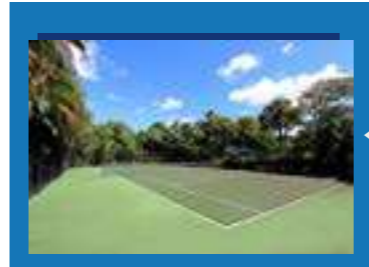

## Application

Our trained and specialized team of applicators ensure finesse to the last detailing. They deliver the surface with appropriate levelling, perfect sheen and neat markings.

Professionalism is knowing how to do it, when to do it, and doing it.

# Product Range

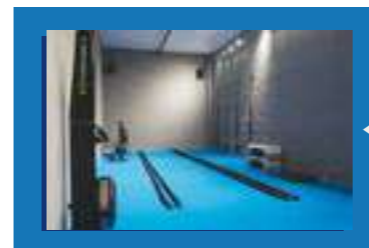

## Lush Acrylic / Synthetic Sports Flooring

Lush Acrylic Flooring is a 100% cushioned acrylic coating system developed by Lush using premium raw materials produced completely in-house for best quality control.

## Lush Wooden Sports Flooring

Lush Wooden Flooring is a high-quality sports system in different wood species to choose from, though our focus is on maple and oak. It is perfect for high-end indoor facilities for multipurpose sports, basketball, squash and badminton. We do anti-skid PU polishing water on the surface.

## Lush Rubber Sports Flooring

Lush Rubber Flooring systems are recommended for areas where heavy weights would be used or spaces exposed to abrasion. Available in roll and tile formats, we offer these systems in various thicknesses – 8 mm to 50 mm.

## Lush Kids Play Area Surfaces

Lush offers customizable rubber flooring for outdoor play areas for the little ones. Possible in colourful design patterns, we offer in various thicknesses from 15 to 36 mm.

## Lush Turf Floorings

Lush artificial turfs can be used in various sports such as football, hockey and cricket. The turf grass is preferable for its longevity, low maintenance – for example it has low water requirement.

## Lush HealthCoat Anti-Bacterial Coating

In-house developed revolutionary anti-bacterial emulsion paint for interiors. Applicable for any space, we strongly recommend this product for healthcare spaces and residences. Lush HealthCoat has the capacity to kill 99% of the infection-causing bacteria.

# Why lush sports surfaces?
